APPLICATIONS

Worldwide Mobile is Put to the Test, *March*, p. 25
Disaster! Satellite Communications for Recovery, *August*, p. 28
Moving Data Between Borders, *September*, p. 68
GOES: The New Weather Satellites, *October*, p. 33
Shopping with Satellites, *October*, p. 48
Emergency Medical Services, *December*, p. 27
LEOs Are Keeping Track of International Shipping, *December*, p. 29
Union Pacific is Training and Communicating with Business TV, *December*, p. 30

BROADCASTING — see also DBS

Grand Alliance HDTV Design Gets Go Ahead, *January*, p. 14
The Two Faces of Satellite TV in Africa, *January*, p. 22
Satellite TV Comes to Southeast Asia, *January*, p. 36
The Future of Television, *February*, p. 17
Standards, Trends, and the Future of Latin American Television, *February*, p. 24
Direct-to-Home: Politics in a Competitive Marketplace, *February*, p. 28
AsiaSat 1 and Star TV: Catalysts of the Asian Satellite Communications Market, *April*, p. 16
Primestar Rolls Out Digital TV Service, *May*, p. 10
A Forecast for Latin American Pay TV, *June*, p. 25
Mecca, 90210, *July*, p. 15
Latin America: Informed and Entertained with Satellites, *July*, p. 29
Digital Audio Broadcasting for Emerging Markets, *August*, p. 16
The New Global Broadcasters...Finding a Niche, *September*, p. 66
Satellite-Delivered TV: An International Trend, *October*, p. 21
DAB: Coming to a Car Near You?, *October*, p. 38
A Beginner's Guide to Digital Compression, *November*, p. 24
Advancing Video-on-Demand, *December*, p. 25

BUSINESS

Orbcomm/Trimble to Offer Data and GPS, *January*, p. 18
Volkswagen's Network Plan, *January*, p. 18
Business Opportunity, *February*, p. 17
Comsat Merges with Radiation Systems, *March*, p. 18
Taiwanese Purchase Five Percent of Iridium, *March*, p. 18
Comsat Appeals for Privatization, *April*, p. 10
PanAmSat Cries "Conspiracy!", *April*, p. 10
Orion Abroad, *April*, p. 12
Matt Nilson Leaves Tongasat, *May*, p. 13
U.S. Satellite Service Revenues, *May*, p. 19
PanAmSat Passes Final Regulatory Hurdle, *June*, p. 14
Global Privatization and Intelsat, *June*, p. 22
GE Americom to Purchase GTE Spacenet, *August*, p. 10
Hughes Wins Millions in Patent Case, *August*, p. 10
Privatization Issues Reach Congress, *September*, p. 10

Spaceway to Go Global, *September*, p. 12
World Space Markets: The Next Ten Years, *September*, p. 18
Indian Consortium Banks on Iridium, *October*, p. 10
AMSC Antenna Problem Solved, *October*, p. 10
Orion Gets Circuit Boost, *October*, p. 10
Intelsat 702 Opens for Business, *October*, p. 12
Hughes to Build, Ariane to Launch Two Japanese DBS, *October*, p. 14
Leading the Privatization Debate, *October*, p. 17
Suit Against Comsat-RSI Merger Dismissed, *November*, p. 10
GE Gets Green Light from FCC for Control of Spacenet, *November*, p. 13
SSPI Seeks Names for Industry Innovator Award, *November*, p. 14
PanAmSat Prepares to Go Public, *December*, p. 10
Satellite Communications in Developing Countries, *December*, p. 18
Toward Open Skies: Redefining the International Market, *December*, p. 22

COMPRESSION — see BROADCASTING

DBS — see also BROADCASTING

DBS Can Take Advantage of Proposed Set Top Box Rules, *January*, p. 18
DBS Launches into New Regions, *February*, p. 10
Broadcasting's Latest Facility, Inside and Out, *February*, p. 33
The Politics and Financing of DBS, *February*, p. 35
Primestar Rolls Out Digital TV Service, *May*, p. 10
DBS Satellites Inside & Out, *May*, p. 32
Final Clearance Ordered for DBS Bands, *June*, p. 12
Hughes to Build, Ariane to Launch Two Japanese DBS, *October*, p. 14

DATA — see VSATs

EMERGING REGIONS — see INTERNATIONAL

EVENTS

WRC 95 and WRC 97 Agendas Set, *February*, p. 13
The 10th European Satellite Communications Conference, *March*, p. 26
FCC Developing WRC Agenda, *June*, p. 15
The 1994 Cable and Satellite Show, *August*, p. 22
SCUC in Review, *November*, p. 21

GPS

Orbcomm/Trimble to Offer Data and GPS, *January*, p. 18
GPS, GIS and the Great Flood of 1993, *January*, p. 50
GPS to Drive European Navigation Markets, *February*, p. 21
Titan Systems for Titan Markets, *February*, p. 46
Kinematic GPS: Tracking On the Fly, *March*, p. 46
DGPS: Will DoD Lower Its Guard?, *April*, p. 46
Leica Enters Commercial GPS Arena, *May*, p. 46
A Marriage Made in Orbit: GPS and PCS, *June*, p. 46

EVENTS

WRC 95 and WRC 97 Agendas Set, *February*, p. 13
The 10th European Satellite Communications Conference, *March*, p. 26
FCC Developing WRC Agenda, *June*, p. 15
The 1994 Cable and Satellite Show, *August*, p. 22
SCUC in Review, *November*, p. 21

GPS

Orbcomm/Trimble to Offer Data and GPS, *January*, p. 18
GPS, GIS and the Great Flood of 1993, *January*, p. 50
GPS to Drive European Navigation Markets, *February*, p. 21
Titan Systems for Titan Markets, *February*, p. 46
Kinematic GPS: Tracking On the Fly, *March*, p. 46
DGPS: Will DoD Lower Its Guard?, *April*, p. 46
Leica Enters Commercial GPS Arena, *May*, p. 46
A Marriage Made in Orbit: GPS and PCS, *June*, p. 46

Take a Hike...and Find Your Way Home Using GPS, *July*, p. 46
 GPS Goes Green: Satellites Keeping Tabs on Oil Spills, *August*, p. 46
 Navstar GPS and Satellite Communications: Partners in the Age of Space, *September*, p. 44
 On-the-Fly Positioning Revolutionizes Surveying, *September*, p. 88
 Using Inmarsat Transponders for Global Satellite Navigation, *October*, p. 68
 Living in a Speed-of-Light Environment, *November*, p. 46
 GPS & GNSS: The Inmarsat Connection, *December*, p. 50

INMARSAT

Inmarsat Moves to "Hurry Changes" *January*, p. 12
 Inmarsat-A Station Opens in South Korea, *January*, p. 18
 Competition and New Jobs Fuel Comsat's Bid for Inmarsat-P, *February*, p. 10
 Inmarsat to Establish Affiliate Company, *July*, p. 10
 Leading the Privatization Debate, *October*, p. 17
 Using Inmarsat Transponders for Global Satellite Navigation, *October*, p. 68
 Inmarsat-P Deadline Approaches, *November*, p. 10
 Dr. Ramin Khadem, Inmarsat (Interview), *November*, p. 16
 GPS & GNSS: The Inmarsat Connection, *December*, p. 50

INTELSAT

Comsat Appeals for Privatization, *April*, p. 10
 Global Privatization and Intelsat, *June*, p. 22
 Privatization Issues Reach Congress, *September*, p. 10
 Intelsat 702 Opens for Business, *October*, p. 12
 Leading the Privatization Debate, *October*, p. 17
 Toward Open Skies: Redefining the International Market, *December*, p. 22

INTERNATIONAL

The Rise of Global VSAT Networks, *April*, p. 31
 Digital Audio Broadcasting for Emerging Markets, *August*, p. 16
 The New Global Broadcasters...Finding a Niche, *September*, p. 66
 Satellite-Delivered TV: An International Trend, *October*, p. 21
 Toward Open Skies: Redefining the International Market, *December*, p. 22

Africa/Middle East

The Two Faces of Satellite TV in Africa, *January*, p. 22
 VSATs: Striking a Joint U.S./Israeli Initiative, *January*, p. 20
 Africa Embraces Satellite Communications, *June*, p. 16
 Mecca, 90210, *July*, p. 15
 Connecting Africa to the Rest of the World — Without Phones, *September*, p. 26
 Emerging Opportunities in the Middle East: Communications in the Ku-Band, *September*, p. 35

Asia

Inmarsat-A Station Opens in South Korea, *January*, p. 18
 Spanning the Pacific, *January*, p. 26
 Satellite TV Comes to Southeast Asia, *January*, p. 36
 TT&C in the PRC, *January*, p. 39
 The Tibetan Connection, *January*, p. 40
 Comsat Establishes a Malaysian Earth Station, *February*, p. 23
 Pacific Communications: Voice and Data Networking via VSAT, *February*, p. 31
 New Deals in China, *March*, p. 14
 Taiwanese Purchase Five Percent of Iridium, *March*, p. 18
 AsiaSat 1 and Star TV: Catalysts of the Asian Satellite Communications Market, *April*, p. 16
 Post-embargo Vietnam: Is the U.S. Too Late?, *May*, p. 16
 Vietnam: The Satcom Protocol, *May*, p. 18
 PAS-2 Launched Over Asia, *August*, p. 10
 Foreign Technology Expanding Asian Telecommunications, *August*, p. 19
 Asia Satcom Markets Set for Multi-Sector Growth, *September*, p. 38
 Is China Worth the Bother?, *October*, p. 27
 MSS Systems Advance Telecommunications in India, *November*, p. 18

Eastern Europe

Satellite to Play Key Role in C.I.S. Modernization, *January*, p. 24
 VSATs: Getting up to Speed in Poland, *April*, p. 22
 Baikonur Needs Upgrading, *May*, p. 14
 Market Dynamics and Private Networks: Communicating in Central and Eastern Europe, *May*, p. 20

Capitalizing on MSS Systems in Eastern Europe, *September*, p. 22
Latin America
 Standards, Trends, and the Future of Latin American Television, *February*, p. 24
 A Forecast for Latin American Pay TV, *June*, p. 25
 Latin America: Informed and Entertained with Satellites, *July*, p. 29
 In Support of Latin American Economies, *July*, p. 30
 The Restructuring of a Region: Updating Latin American Communications, *September*, p. 24
 Satellite-Delivered TV: An International Trend, *October*, p. 21
 The Rise of Solidaridad: A System 25 Years in the Making, *December*, p. 20

INTERVIEWS

Jerrold Adams, Iridium, Inc., *January*, p. 25
 John E. Koehler, Hughes Asia-Pacific, *February*, p. 22
 Terry Seddon, Cable & Wireless, *April*, p. 26
 Dan Landreth, Radiation Systems, Inc., *June*, p. 21
 Michael Sternberg, Rimsat, *July*, p. 18
 Jim Hickman, Russtel, *August*, p. 21
 Rachelle B. Chong, FCC, *September*, p. 42
 David Otten, Celsat, *October*, p. 20
 Dr. Ramin Khadem, Inmarsat, *November*, p. 16

LAUNCH

PanAmSat Prepares for \$1 Billion Launch, *January*, p. 14
 News from the Launchpad, *February*, p. 15
 Ariane Loses Two, *March*, p. 10
 Ariane Update, *April*, p. 12
 The Battle for the Launch Pad, *June*, p. 33
 AMSC Launch Rescheduled, *August*, p. 10
 Orbital: One for Two After Recent Launches, *September*, p. 14
 Space Transportation, *October*, p. 18
 Bigot: Ariane 5 Rollout on Schedule, *November*, p. 13
 Hey, Satcom Users — Cheap Access to Space Concerns You, Too, *November*, p. 17
 The Rise of Solidaridad: A System 25 Years in the Making, *December*, p. 20

LEGISLATIVE/REGULATORY

Delegating Satcom, *March*, p. 12
 Mission to Planet Earth, *March*, p. 21
 Eyeglass License Issued, *July*, p. 13
 White House Releases Space Transportation Policy, *October*, p. 10

International

Orbital Assignments, *January*, p. 18
 Orbital Contention!, *January*, p. 32
 Orbital Contention: The Lightsat Alternative, *February*, p. 25
 Global Privatization and Intelsat, *June*, p. 22
 New Measures Proposed for ITU, *July*, p. 10

Legislative

Overhaul of Export Controls Proposed, *January*, p. 12
 Export Controls Eased, *June*, p. 12
 Satellite Copyright Extension Advances, *June*, p. 15
 Reaching the Ends of the Earth, *June*, p. 17
 Satellite Copyright Bill Advances, *July*, p. 13
 Summer in Scandal City, *August*, p. 14
 House Approves Copyright Bill, *October*, p. 12
 Industry Hails Copyright Extension, *December*, p. 10

Regulatory

Orbcomm Awaits Final Approval, *January*, p. 18
 Sharing Spectrum, *January*, p. 18
 It's A Boy! Little LEO Joins the Family, *January*, p. 19
 New FCC Chairman Sworn In, *February*, p. 15
 Big LEO Spectrum Allocated, *February*, p. 15
 Duggan Leaves FCC, *February*, p. 17
 FCC Rejects Celsat, *March*, p. 14
 Ka-Band Sharing?, *April*, p. 12
 FCC Sets Rules, *May*, p. 10
 What to Do with 50 MHz?, *June*, p. 12
 Final Clearance Ordered for DBS Bands, *June*, p. 12
 PanAmSat Passes Final Regulatory Hurdle, *June*, p. 14
 The Chong-Ness Connection, *July*, p. 16

Riding the Spectrum Wave, *July, p. 24*
 Satellite Fees to Increase, *August, p. 10*
 MSS Gets Promotion in 20/30 GHz Band, *August, p. 13*
 Comsat Seeks Relief, *September, p. 10*
 FCC Creates International Bureau, *September, p. 10*
 28 GHz Rulemaking Committee Begins Work, *September, p. 12*
 Orion Gets Circuit Boost, *October, p. 10*
 Ka-Band Spectrum Sharing Stalemate, *November, p. 10*
 GE Gets Green Light from FCC for Control of Spacenet, *November, p. 13*
 First LEO License Goes to Orbcomm, *December, p. 10*
 Few Surprises in Big LEO Rules, *December, p. 10*
 Satellites Find Home at FCC, *December, p. 12*
 Generic Allocation Proposed for Transferred Bands, *December, p. 14*
 Can the FCC Solve the Crippling C-Band Capacity Shortage?, *December, p. 17*

LEOs (LITTLE AND BIG) AND MEOs

It's A Boy! Little LEO Joins the Family, *January, p. 19*
 Competition and New Jobs Fuel Comsat's Bid for Inmarsat-P, *February, p. 10*
 Big LEO Spectrum Allocated, *February, p. 15*
 FCC Rejects Celsat, *March, p. 14*
 Taiwanese Purchase Five Percent of Iridium, *March, p. 18*
 Will All Big LEOs Play?, *March, p. 18*
 Big LEO = Big Deal, *April, p. 14*
 LEO Project Update, *May, p. 10*
 Big LEO Rules Due Soon, *September, p. 10*
 Indian Consortium Banks on Iridium, *October, p. 10*
 New Little LEOs Step up to Be Counted, *November, p. 10*
 Inmarsat-P Deadline Approaches, *November, p. 10*
 First LEO License Goes to Orbcomm, *December, p. 10*
 Few Surprises in Big LEO Rules, *December, p. 10*
 LEOs Are Keeping Track of International Shipping, *December, p. 29*

MILITARY

The Military in Space, *March, p. 10*

MSS

Mobile Satellite: The Latest in Global Communications, *March, p. 23*
 Worldwide Mobile is Put to the Test, *March, p. 25*
 Wireline Vs. Wireless: Can Network Parity Be Reached?, *July, p. 20*
 AMSC Launch Rescheduled, *August, p. 10*
 MSS Gets Promotion in 20/30 GHz Band, *August, p. 13*
 PCS Rules Good for Mobile Satellites, *August, p. 13*
 Capitalizing on MSS Systems in Eastern Europe, *September, p. 22*
 AMSC Antenna Problem Solved, *October, p. 10*
 MSS Systems Advance Telecommunications in India, *November, p. 18*

NII/GII

Hughes Enters Superhighway Race, *February, p. 10*
 Fly the Friendly Skies, *February, p. 20*
 NII Advisory Council Includes Satellites, *March, p. 14*
 NII Study Begun, *May, p. 13*
 Visions of the Information Superhighway, *July, p. 17*
 Vying for Position on the NII, *September, p. 16*

PRIVATIZATION

Comsat Appeals for Privatization, *April, p. 10*
 PanAmSat Cries "Conspiracy!", *April, p. 10*
 Global Privatization and Intelsat, *June, p. 22*
 Inmarsat to Establish Affiliate Company, *July, p. 10*
 Privatization Issues Reach Congress, *September, p. 10*
 Leading the Privatization Debate, *October, p. 17*
 Dr. Ramin Khadem, Inmarsat (Interview), *November, p. 16*
 Toward Open Skies: Redefining the International Market, *December, p. 22*

REMOTE SENSING

Eyeglass License Issued, *July, p. 13*
 Remote Sensing: Observing the Earth, *August, p. 26*

SATELLITE NEWS GATHERING

Live From Anywhere, *January, p. 28*

Latest Technology Simplifies Digital Satellite News Gathering, *July, p. 32*

SATELLITES

Here Comes the Sun, *March, p. 10*
 DBS Satellites Inside & Out, *May, p. 32*
 GOES-1 Successfully Deployed, *July, p. 10*
 PAS-2 Launched Over Asia, *August, p. 10*
 PAS-2 Serving the Pacific, *October, p. 14*
 GOES: The New Weather Satellites, *October, p. 33*
 Satellite Bus Systems: Can They Meet the Demand?, *October, p. 41*
 The Smallsat Invasion, *November, p. 27*
 Newest DMSP F-12 Weather Satellite Is Working, *December, p. 10*
 The Rise of Solidaridad: A System 25 Years in the Making, *December, p. 20*

SEPARATE SYSTEMS

PanAmSat Prepares for \$1 Billion Launch, *January, p. 14*
 Solidaridad Capacity Reservations Accepted, *January, p. 18*
 Expanding on Separate Systems, *March, p. 12*
 PanAmSat Cries "Conspiracy!", *April, p. 10*
 Orion Abroad, *April, p. 12*
 Separate System Policy Amended, *May, p. 13*
 PanAmSat Passes Final Regulatory Hurdle, *June, p. 14*
 Orion Gets Circuit Boost, *October, p. 10*
 PAS-2 Serving the Pacific, *October, p. 14*
 First LEO License Goes to Orbcomm, *December, p. 10*
 PanAmSat Prepares to Go Public, *December, p. 10*
 The Rise of Solidaridad: A System 25 Years in the Making, *December, p. 20*
 Toward Open Skies: Redefining the International Market, *December, p. 22*

TECHNOLOGY

Grand Alliance HDTV Design Gets Go Ahead, *January, p. 14*
 The Future of Television, *February, p. 17*
 Low Costs and Efficiency: The Advantages of Data/Voice Integration, *April, p. 37*
 DAMA: The Right Connection for the Future?, *May, p. 24*
 Sourcing...Off the Shelf, *May, p. 29*
 Global High Speed Data Service Available, *July, p. 13*
 Latest Technology Simplifies Digital Satellite News Gathering, *July, p. 32*
 Disaster! Satellite Communications for Recovery, *August, p. 28*
 Converging Technologies: LANs and VSATs, *August, p. 30*
 ACTS: New Services for Communications, *September, p. 48*
 GOES: The New Weather Satellites, *October, p. 33*
 Satellite Data Communications Come of Age, *October, p. 50*
 A Beginner's Guide to Digital Compression, *November, p. 24*
 Advancing Video-on-Demand, *December, p. 25*

VIDEOCONFERENCING

Videoconferencing Update, *August, p. 20*
 Bridging the Gap in Corporate Communications, *October, p. 22*

VSATs

The European VSAT Connection, *January, p. 18*
 Volkswagen's Network Plan, *January, p. 18*
 VSATs: Striking a Joint U.S./Israeli Initiative, *January, p. 20*
 Pacific Communications: Voice and Data Networking via VSAT, *February, p. 31*
 VSATs: Getting up to Speed in Poland, *April, p. 22*
 The Increasing Popularity of Private Satellite Networks, *April, p. 24*
 The Rise of Global VSAT Networks, *April, p. 31*
 Market Dynamics and Private Networks: Communicating in Central and Eastern Europe, *May, p. 20*
 Domestic VSAT Market Going Strong, *June, p. 12*
 Global High Speed Data Service Available, *July, p. 13*
 Converging Technologies: LANs and VSATs, *August, p. 30*
 VSATs: Extending the Reach of ISDN, *August, p. 32*
 Adding Value to VSATs, *September, p. 56*
 Moving Data Between Borders, *September, p. 68*
 Shopping with Satellites, *October, p. 48*
 Satellite Data Communications Come of Age, *October, p. 50*
